1. At about 8:30 p.m. on 28 July, 24 boxcars and 24 flatcars were loaded at the Frankfurt/Oder freight station. Source believed that the materiel came from the Horn Kaserne. One ambulance, 3 sedans and 28 trucks [redacted] and others of the C 8-75-xx series were seen. On 1 August, the Artillerie Kaserne was occupied by 1,200 soldiers wearing red-bordered black epaulets. An AAA unit with five AA guns and four field kitchens had arrived on 30 July. Fifty-six soldiers arrived on 31 July. Training activity with AA guns, rifle firing, marching and training with gas masks was observed. *

2. On 27 July, groups of soldiers either marched or were transported on trucks [redacted] in the direction of the railroad station from the hutment of the Horn Kaserne. At 9 p.m. on 28 July, the hutment was vacant. Leave traffic of officers was normal. New trucks continued to arrive. **

[redacted] Comment. As the train loaded on 28 July carried elements of the 32d AAA Div (US) to Finsterwalde, the vehicles seen are believed to have come from the Artillerie Kaserne, rather than the Horn Kaserne. [redacted] The train on 30 July came from Juetterborg. [redacted]

[redacted] Comment. [redacted] on 23 July, the hutment was still occupied by 1,100 soldiers and on 2 August, it was vacant. [redacted]
